Use BERRY ENHANCE any time to improve the atmosphere and odor in a room and to create a long lasting and powerful jolt of mixed berry air . BERRY ENHANCE will replace undesirable or unwanted smelly odors with a sweet berry sensation. So concentrated you can use just one or 2 sprays for effective odor control. Use in Banquet Halls, Reception Rooms, Lavatories, School Rooms, Lobbies, Meeting Rooms, Air Conditioning Systems, Elevators, Animal Labs, Closets, Office, Lockers, Motel and Hotel Rooms, Nursing Homes, Home Shelving, Wash Rooms, Kennels, Basements and Toilet Rooms. The super concentrate to be used as is for air freshener. The concentrate, allows you to spray very little solution with a extremely effective result. For a 10'x10' spray 1-3 times in the air for full long lasting effect. Diluting and spraying the product may be helpful for those that want to cover a very large area or surface.

If dilution is desirable:

For spray applications

Dilute 1/2 oz up to 2 oz per gallon of cool water. Put in suitable sprayer and apply to air or surface.

To freshen cleaning solutions such as mop water or extraction: 1/2 oz up to 2 oz per gallon of cool water. Use more or less to get the desired result required for the job.

It is recommended that protective gloves and

Refer to MSDS for further safety information.
