PRODUCT BULLETIN

BIODEGRADABLE - Bio Based - NPE FREE

"Dust Soy"

BIO-BASED

**DUST MOP TREATMENT
& DUST SUPPRESSANT**

made from NATURAL oils

*Enhances Indoor Air Quality

* Traps & Holds Dust & Dirt

*Restores Floor Sheen & Luster

*Treats Dust Mops, Rags, & Dust Cloths

*Reduces Allergic Triggers

**READY TO USE
NO VOC
APE FREE**

SPECIFICATIONS

Appearance and Odor	Clear liquid
Flash Point of Concentrate.....	>200
Packaging.....	All standard packaging
Bio degradable	Yes
Bio Based	Yes
pH	n/a
Specific Gravity	<1
water = 1	
DOT Regulated.....	None
Flammability	n/a
VOC Compliant	Yes

DUSTSOY Bio-based Dust Mop Treatment attracts dirt and dust like a magnet. It is a revolutionary formulation consisting only of 100% Soybean derived oils in conjunction with a biodegradable, minimal V.O.C. This "winning" combination coagulates and binds dust to application equipment, such as dust mops and cloths for easy soil removal. Daily maintenance with **DUSTSOY** traps and holds dust & dirt to dust mops and cloths, rags, sawdust, and compounds, and other related tools commonly used in dusting and cleaning operations.

DUSTSOY eliminates "sandpaper" action of grit on finished floors. It is compatible with **ALL** types of flooring, including, wood & gymnasium, terrazzo, concrete, warehouse floors. Daily dust mopping with this product will increase the life and beauty of floors by reducing the abrasive effects of tracked-in dirt. Ideal for removing black rubber heel marks.

DIRECTIONS: (as treatment)

USE **UNDILUTED** and apply evenly through a trigger sprayer - or pump sprayer on dust mops or cloths.

Discharge accumulated dust and loose soil on the mop head by periodically vacuuming it with a HEPA or Micro-Allergen vacuum - or - by shaking soiled dust mop outdoors by the closest "exit" door. **DO NOT** release loose dust from mop indoors to avoid further aggravation of indoor air quality and/or raising health issues like allergic or asthmatic triggers.

(As Dust Suppressant)

Reduces the chance of choking dust from becoming airborne in construction projects.

It is recommended that protective gloves and safety glasses be worn when using this and all cleaning products.

Refer to MSDS for further safety information.

**Packaging: 12x1 quart bottles per case
4x1 gallons per case
5 gallon pails
30 & 55 gallon drums**
