OFFICE BUILDINGS - APARTMENTS - NURSING HOMES - HOSPITALS - COMMISSARIES

USED TO

CLEAN & DEODORIZE - REMOVE DIRT & GRIME
CLEAN MACHINERY PARTS - CLEAN HARD SURFACES - DEGREASE

DESCRIPTION

Super concentrated detergent/solvent system designed for safety, and effectiveness. Made with renewable resources and natural citrus solvents, this water dilutable degreaser works like a solvent and like a detergent. This product emulsifies grease, oil and petroleum materials. It softens solid waste and eliminates objectionable odors. A super strength product that derives its power from 100% of the solvents extracted from orange peels. This product contains no chlorinated solvents or harsh chemicals and is not corrosive. Used effectively to clean degrease and even deodorize the most difficult oily problems. .

DIRECTIONS: ALL PURPOSE DEGREASING: (Concrete floors, grills and hoods, kitchen floors, machinery, etc.) Spray or sponge on, allow to stand 2-4 minutes before rinsing with clear water. Use diluted up to 50:1 with water, depending on desired task and apply in same manner.

DRAIN & DISPOSALS: To open drains clogged by grease and slime, pour 8 oz. directly in drain or disposal. After standing flush with hot water. Do not use in plastic pipes. For maintenance add 3-4 ounces to each drain and let stand 5-10 minutes. Flush with water 2 minutes.

GREASE TRAPS: Pour in solution of 8 oz. per gallon of water. Allow to stand 1 hour. Flush with hot tap water.

TAR & ASPHALT REMOVER: Apply undiluted to soiled surface by spraying, mopping, or pouring. Allow to stand 2-4 minutes, agitate if necessary. Rinse with water preferably under pressure.

TIRE MARK REMOVAL: Apply as above. Allow to stand 1-2 minutes. For best results agitate the area while product is penetrating. Hose off with water and squeegee or vacuum dry.

ODOR CONTROL: Spray mist into air to help control malodors. For surface spray, to lightly wet source of malodor.

TILE & TUB: Sponge, mop or brush surface. Let stand 2-3 minutes, agitate and rinse with clear water. Ideal for soap film.

SPOT REMOVAL: Dampen a clean, white cloth and rub gently, working from the outside of the spot toward the center. For gum removal use a dull knife to remove large particles.

GARBAGE TRUCKS & DUMPSTER CLEANING: Mix 1 gallon to 20 gallons of warm water. Spray the solution on surface to be cleaned or degreased. Let stand 2-3 minutes. If necessary, agitate with a brush then hose off with water.

STAINS FROM CONCRETE: Remove oil stains from concrete driveways. Pour or spray directly on stain. Allow 3-5 minutes to dissolve stain, rinse off.

SPECIFICATIONS

AppearanceOrange Liquid

Odor.....Citrus

Flash Point of Concentrate..... 120-145

Specific Gravity of Concentrate..... .99 - 1.01

Solubility in water..... Complete

USDA Registered Yes

VOC: 10%
