WASTE DISPOSAL SYSTEMS**

EN-ZIP is a synergistic liquid containing multi strains of selected "safe" bacteria enhances with free enzymes and surfactants to enhance the degradation of waste organics. The special strains of bacteria are extremely efficient at liquefying and digesting organic waste and eliminating malodors. The active enzymes in this product make it fast acting. Regular use establishes growing colonies of these colonies of these bacteria that work around the clock to keep plumbing lines and septic systems operating properly. They crowd out and displace undesirable bacteria to eliminate odors on kitchen and bathroom surfaces, rubs, and carpets too!
