BIO GUTTER BUSTER is a powerful and concentrated formula designed to "BUST" through oxidation dirt and grime. Penetrates and removes soils quickly and easily. The black streaks in gutters are in the oxidation layer of the paint. Bio Gutter Buster removes the oxidation and in turn removes the streaks!!!

This one product can be used with automatic equipment or manual application.

This water activated formula will work fast saving time and money. Bio Gutter Buster is a water activated system that can be diluted with up to 50 parts water.

Recommended dilution

Heavy duty: 1 part concentrate : 5 parts water

Medium: 1 part concentrate to 20 parts water.

Apply diluted solution onto gutters, lightly agitate to remove oxidation.

Application precautions:

*Never exceed 50:50 ration. Always test in an inconspicuous area. Pre-wet all surrounding surfaces with plain water prior to applying Bio Gutter Buster. Do not allow product to dry on glass surfaces as this may damage surface. Protect surrounding plants and foliage from contact.

OTHER USES: May also be used as a general purpose cleaner for water safe surfaces where ever a heavy duty industrial cleaner is needed.

For Industrial & Commercial Use Only.
See Additional Precautions on Side Panel

Refer to SDS for further safety information.

Packaging: 4x1 gallons per case
5 gallon pails
30 & 55 gallon drums
